Financial Controller – Cambridge

Description

Job Title: Financial Controller

Location: Cambridge, UK

Company Overview: Our clients are a rapidly growing industrial products business based in Cambridge, known for our innovative solutions and commitment to excellence. As they continue to expand their operations, they are seeking a highly skilled and proactive Financial Controller to join our team. This is a key leadership role in our finance department, responsible for ensuring the financial integrity and supporting the strategic growth of the business.

Role Overview: The Financial Controller will be responsible for overseeing all aspects of the company's financial operations. This includes managing financial reporting, budgeting, forecasting, and ensuring robust financial controls. The ideal candidate will have a strong background in finance within the industrial sector, with a keen eye for detail, excellent organizational skills, and the ability to lead a finance team in a fast-paced environment.

Responsibilities

Key Responsibilities:

- Oversee the preparation of accurate and timely financial statements, including monthly management accounts, year-end accounts, and statutory reporting.
- Lead the budgeting and forecasting processes, ensuring alignment with the company's strategic objectives and growth plans.
- Implement and maintain robust financial controls, processes, and systems to safeguard company assets and ensure compliance with financial regulations.
- Manage cash flow, working capital, and liquidity to support the company's operational and strategic needs.
- Provide financial analysis and insights to senior management to support decision-making and drive business performance.
- Ensure compliance with tax regulations, including VAT, corporation tax, and other relevant filings.
- Oversee the audit process, liaising with external auditors to ensure a smooth and efficient audit.
- Lead and develop the finance team, fostering a culture of continuous improvement and high performance.
- Collaborate with other departments to support business initiatives and projects, providing financial guidance and expertise.
- Identify and implement process improvements to enhance the efficiency and accuracy of financial operations.
